

2/13/09

Hello out there!

Well, I do not have a lot to say other than the Short Course is almost here. I guess there are a few other things but you will have to wait for those...

Tree and Landscape Short Course next Friday!
February 20 at the Florida State Fairgrounds
Online registration closes midnight Wednesday, February 18!

NEW NEW NEW!

Check out the new promo video for the Short Course here!
<http://prohort.ifas.ufl.edu/>

3 Cool things about the Short Course this year:

1) Free thumb drives
Presentation info will be given out on free thumb drives-

What is that?

Little sticks of memory you can use to save and move files from one place to another on

- Email the pdf of presentations to others
- Reduce unnecessary printing- how many of us actually go back and read every paper we get at a conference?
- Reuse it after the Short Course is over

We ordered the 1G size (I think \$20 retail!)

They look really sharp with logos and phone number to remind you where you got it from. Yahoo!!

2) Lots of displays

I have been bothering every Agent and Specialist I know to bring their displays to show off what we have. Quite a few have responded so I can't wait to see what they bring

3) Sponsors

If you have been thinking about injecting palms for phytoplasma you might be interested in talking with one of our sponsors.

Happy Friday all!!

Mary Beth Henry

Extension Agent I Professional Horticulture Services, Pesticide Licensing

UF/IFAS Extension, Hillsborough County
